

PLACEMENTS AVAILABLE WITHIN THE NSW & ACT SYNOD

October 2022

The following list represents those placements which have not yet been officially filled. One asterisk (*) indicates that they have been provided with names of ministers, but there is as yet no indication if they will lead to a serious conversation or placement. They may or may not be back on the list for the next Placements Committee.

Two asterisks (**) indicates that a serious conversation is occurring. Those without an asterisk will either be new on the list at the next Placements Committee, or earlier proposals have not come to fruition and they will return to the list.

People in specified ministries who are seeking a new placement are invited to contact the Associate Secretary if they would like their names considered for any of these placements. Email: acomp@nswact.uca.org.au
