

Governance, Nominations and Remuneration Committee Charter

This Charter has been established by Synod Standing Committee (SSC) of the Uniting Church in Australia (UCA), Synod of New South Wales and the ACT Synod (Synod) to provide governance support to Synod entities through the enactment of effective, consistent and context-appropriate processes and practices. It is to be read in light of UCA polity and the Synod's determination in 2011 to move to flexible structures for Mission and Ministry areas with governance processes appropriate to each context.

1. OBJECTIVES

The Synod Governance, Nominations & Remuneration Committee (GNRC) has been created to develop, support and propagate the implementation of sound, consistent and context appropriate governance, nominations and remuneration policies and decision making across Synod entities, through:

- a) highlighting potential areas of consistency in governance processes and improving policy and performance review processes;
- b) strengthening the composition of Synod entity Boards and Committees through co-ordinated nominations processes that identify, evaluate and appoint members drawn from within the Church as well as the wider community who have the appropriate range and balance of the gifts, skills and experience as well as the capacity and inclination to appreciate and give force to the vision and polity of the Church as a whole;
- c) promoting good practice and process such that the Church's call to be a body within which the diverse gifts of its members are used for the building up of the whole, and an instrument through which Christ may work and bear witnesses to himself (paragraph 3 Basis of Union) extends to those in 'governing' positions;
- d) optimising the effectiveness of Synod entity Boards and Committees by minimising unnecessary and unproductive duplicated effort and encouraging quality assurance through improved governance 'checks and balances'.
